

Product data sheet

new looxs Basket "Toscane"

Description

Stable & adjustable

The "Toscane" is a close-meshed, height-adjustable bike basket. The NEW LOOXS baskets are firmly attached to the Stem. It is very easy to attach using the "Rapidlock" Mounting System supplied.

In addition, this bike basket is very stable and fits Stems from 21.1 to 25.4 mm Ø. It is also adjustable in length by up to 45 mm and has protection against being pulled out too far.
