VICTORIA Electric folding bike "Fylgran 3" (#1)

Description

Whether on the daily commute to the station or for short journeys within the city - the Victoria FYLGRAN 3 cuts a fine figure in any case. Thanks to its compact folding size (88x77x38 cm), it can easily be taken on the train and stowed away in a niche at home in the evening. To save as much space as possible, not only the Frame is foldable, but also the Pedals. The Handlepost can be adjusted in height.

The new Bosch Smart System Performance engine provides superior support for trips beyond the city limits. It is powered by the Bosch "PowerPack 545", which has enough energy for day trips.

The Gates Straps transfer the power from the legs and the engine directly to the rear wheels. Particularly valuable for commuters: the Straps are resistant to moisture and dirt and can be easily cleaned with water. It also requires hardly any maintenance as it runs without chain greases, which also means that trouser legs stay clean. Gears are shifted using the tried-and-tested 5-speed "Nexus" hub gears from Shimano - you can choose between neutral and coaster brake. The hydraulic Disc Brakes provide additional safety reserves.

New are the Schwalbe "Super Moto X" tires, which give the FYLGRAN in the 62-406 version a sturdy appearance that goes well with the compact bike.

And there is another difference compared to the FYLGRAN 1: if the Bosch eFlow app is downloaded, the response behavior of the different support levels can be fine-tuned - either even more intensively than the factory setting already specifies or in a particularly energy-saving manner for maximum range. Navigation apps such as Komoot or Strava are also compatible with the eFlow app, so that city trips don't end up in the middle of nowhere.

Article number: 02920002

Original number: KHA250002

EAN: 4251971168404

EVP: 3999.00 €

Technical data

Battery capacity	545.0 Wh
Features	frame lock, system carrier, deep entry, chain guard, electronic sliding aid, fender
Torque	75 Nm
Colour designation	concrete grey
Main colour	grey
Gender	unisex
Gears	5-speed
Type	folding bike
Wheel size	20 "
Material 1	aluminium
Engine power	250 W
Frame height	45 cm
Weight	23.300 kg
Permissible system weight	120 kg
Passage width	201 mm
Access height	380 mm
Chainstay	434 mm
Toptube	622 mm
Wheel distance	1133 mm
Reach	483 mm
Seat tube	457 mm
Seat angle	73.0 °
Stack	455 mm
Steering tube	190 mm
Steering tube angle	70.0 °
