Product data sheet

CONTEC Cassette remover "TFM-150"

Website

https://www.contec-parts.com

Article number:	03700192
Original number:	8909
EAN:	4250311359519
EVP:	**10.95 €**

Description

In addition to a cassette puller nut, a chain whip is required to dismantle the cassette. The CONTEC chain whip is the ideal supplement to the cassette puller: The chain whip is placed around the largest sprocket. This allows the cassette to be held in place and the lockring to be opened with the appropriate nut.

This tool by CONTEC is suitable for all max. 9-speed cassettes and is necessary for professional drivetrain repairs on the bicycle.

Technical data

Design	sprocket
Main colour	black
Secondary colour	silver
Material	steel
Weight	0.310 kg
Use	sprockets
