## CONTEC Bottle Cage "Pound Cage"

### Description

Our bottle cage Pound Cage combines style, safety and functionality into a must have accessory.

The cage is made of sturdy 6061 aluminum and is lightweight with its 60 grams. The classic design in matte colors gives your bike a timeless elegance. Some of the colors you will find, for example, also in our MTB parts series "Kyandi" or in our bike bells "Diamond Bing" again - a perfect opportunity to combine color-matching parts with each other!

With the built-in plastic edge protection, your water bottle and the Pound Cage itself is always safe. The secure fit is suitable for all common water bottles.
