

Product data sheet

Qio Adapter

Description

Keep your essentials within easy reach: With the Qio Adapter, you can attach various accessories directly to the steering tube of your Qio EINS. This makes it compatible with a Bottle Cage—so you can quickly grab your Water Bottle even while riding at full speed—and with the Folding Lock from our Accessories line. The Adapter itself attaches to the eyelets on the steering tube—you can choose whether to mount it on the right or left side.
