Description

ALLIGATOR "Universal" Dunlop Valve

Compatible with Blitz, passenger car, and Schlafrand valve bodies

Incompatible with slotted Dunlop bodies/Airmax valves. The dual-seal design prevents slow air leaks and easily withstands "road bike pressure" of 8 bar.

The burst pressure is well over 25 bar. **For Schrader valves, the 0.330.501/8**

Cap Nut is also required., Pack of 100 = Minimum Order Quantity
