Description

Off to adventure! Ruta accompanies you on your trips into nature or the next big city. The sporty trekking helmet is made from a combination of a lightweight in-mold micro-shell plastic construction with a thin EPS inner shell.

With the magnetic Fidlock snap lock including padding, the helmets can be opened and closed with one hand without the risk of getting caught. The integrated TriVider, an extra-wide strap divider, ensures a high level of comfort and individual adjustment. The straps made from recycled PET water bottles are reflective and offer added visibility. Thanks to the XY sizer (adjustment wheel) on the back of the Helmet, the Ruta can be individually adjusted in height and width. The cooling padding inside the helmets has an anti-sweat effect and is washable and replaceable.

Ruta is available in two sizes and three color variants. Each model has been painted with environmentally friendly, water-based paints.

Technical data

Features	aero, fly net, reflective
Range of application	MTB
Colour designation	riviera blue / black velvet
Main colour	blue
Secondary colour	black
Design	In-Mold
Head circumference	58, 59, 60, 61, 62 cm
