

CONTEC Handlebar Tape "Micro 2K"

Description

Secure grip & firm hold

The very elastic CONTEC handlebar tape "Micro 2k" made of washable microfibre is easy to wrap and guarantees optimal grip. The PU coating of the underside leads to a reduction of pressure and vibrations, which enables better performance, especially on bumpy tracks.

The CONTEC handlebar tape is available in pairs in black/grey with 2 bar end plugs as well as adhesive finishing tape. "Micro 2k" is particularly suitable for a bicycle with a drop bar.
