

Product data sheet

KMC Chain "e1"

Description

Chain E1 from KMC

Due to high speeds, powerful drives and higher bike weight, e-bike chains are exposed to far greater loads than conventional chains. This is why the E1 from KMC is specially designed for use on motorized bikes.

The E1 is made of stainless steel, which has a number of advantages such as low maintenance and corrosion resistance.

The chain is particularly hard-wearing thanks to its special anti-rust coating. Because the chain can withstand the forces of an e-bike, it is labeled "e-bike special".

Article number:	03343019
Original number:	BE1EPT110
EAN:	4715575890173
EVP:	33.95 €

Technical data

Anti-rust coating	yes
Amount of chain links	110 pcs.
Width	6.7 mm
Width in inch	3/32 "
Range of application	city & everyday
Main colour	silver
Incl. connecting link	yes
Material 1	stainless steel
Shifting type	internal gear shifting
Weight	0.306 kg
System compatibility	internal gear shifting
Division	1/2
