VICTORIA Electric trekking bike "Tresalo 4" (#1)

Description

Trekking e-bike for every day. The TRESALO 4 from VICTORIA is your reliable partner for adventures on city and country roads. With its full StVZO-compliant equipment and puncture-proof Schwalbe tires, it offers you the safety and comfort you need for carefree rides. The MIK system carrier fastenings allow you to attach bags, baskets and even child seats, so that you are always flexible and well equipped on the road.

Comfort and functionality combined

Thanks to the Suntour Suspension Fork, you can master even uneven routes with ease. The adjustable Stem and ergonomically offset Handlebar ensure a comfortable riding position that makes longer rides enjoyable. The rigidly mounted saddles support a stable, reliable ride. The HTM interface on the headset allows you to attach various front Carriers from the Victoria accessories range, making it even easier to carry smaller items.

Technical highlights

The TRESALO 4 is equipped with an 8-speed Shimano derailleur gear system, which offers you a wide gear range of 409 % and provides the right speed for every situation. The hydraulic Shimano disc brakes at the front and rear ensure reliable braking power, while the Bosch Performance drive and PowerTube 540 Battery provide powerful support. The Purion 200 Display provides you with all the important information at a glance. All Carriers offer a second, lower cross strut to which panniers can be attached.

Target group

The TRESALO 4 is ideal for frequent riders, commuters and trekking enthusiasts who value a balanced combination of functionality, comfort and an attractive price-performance ratio. Experience the freedom and joy of every ride with this trekking e-bike - whether in everyday urban life or on extended tours in the countryside.
