Description

Vintage on the outside, modern on the inside

On the outside, the "Holland Unitech Relaxed" looks just like classic Holland saddles. It retains its traditional shape with the abrasion-resistant surface. On the inside, the "Royal Gel" provides comfortable padding. Rough impacts from the road are absorbed by the springs. As is typical for Holland bikes, the vintage saddles are designed for an upright riding position. Saddle bags or other accessories can be easily attached to the patented clip system at the end of the saddle.
