

Product data sheet

KMC Chain "X11"

Description

11-speed chains from KMC

Equipped for all eventualities - that's the X11 chain from KMC. It can be used on mountain bikes, gravel bikes and road bikes.

The chain is compatible with 11-speed drives. As the chain with its 118 links is made of steel, it is particularly hard-wearing.

A special anti-rust coating makes the chain particularly robust and hard-wearing. A Connecting Link is included to connect the two loose ends of the chain.
