

KLICKfix Handlebar Adapter "KLICKfix E"

Description

Handlebar Bracket for e-bikes

What do you do if you want to keep your usual handlebar bags on your new e-bike, but the Display is in the way? The "Handlebar Adapter E" from KLICKfix is simply slightly longer and elegantly guides around the Display. More precisely: the "Handlebar Adapter E" is 22 mm longer than the standard version. In the e-bike version, the accessories are also held securely in place by the patented cable tension.

The scope of delivery includes two clamps for Handlebars with a diameter between 22 and 26 mm as well as two additional oversize clamps for a diameter of 31.8 mm.
