

Product data sheet

Selle SMP Saddle "E-City"

Description

High comfort on long tours

For a high level of comfort even when sitting in the saddle for long periods: the "E-City" from SELLE SMP is a unisex saddle with strong padding for e-bikes. The padding has different thicknesses. It is reinforced in places where sensitive areas of the body are exposed. This allows the pressure to be better distributed. The lower shell is made of plastic and the frame is made of steel. The comfortable and ergonomic "E-City" is designed for bikers with a sit bone distance of between 9 and 15 cm. It weighs 675 g. Dimensions (LxW): 259x223 mm.
