mipa Clear varnish "CX 11"

Description

MIPA Clear Paint "CX 11"

2-component HS express paint, low-viscosity

For a fast and efficient refinish (express technology), which ensures extremely fast drying by oven as well as by air. Due to the special formulation, Mipa 2K express clearcoat CX 11 hardens very quickly at room temperature (20°C) and can be polished by hand after approx. 50minutes of drying. For more intensive polishing with a polishing machine, this is possible after approx. 90 minutes. For partial car painting and use in the spot repair. Ready to use after addition of hardener, resistant to environmental and weather influences, resistant to yellowing and offers a lasting gloss retention and a very good scratch resistance., **1000ml can**
