Technical data

Main colour	black
Weight	0.174 kg

Description

The all-purpose Bracket

The "Handlebar Adapter universal" is the basis for all KLICKFIX bags, baskets or Map Holders. You can quickly and securely click the relevant equipment onto the robust, fiberglass-reinforced Handlebar Adapter, and the accessories can be removed again by pressing the red Taster.

Thanks to the patented cable tension, the Adapter stays securely in place on the Handlebar, even with heavy Bags. The "Handlebar Adapter universal" includes two standard clamps for handlebars with a diameter of 22 to 26 mm and two oversize clamps for handlebars with a diameter of 31.8 mm.
