

CONTEC Handlebar "Mito 60"

Description

CONTEC Mito 60 handlebar

It is often underestimated, but he contributes a significant part to whether your next tour will be a pain or not: the handlebar. The Mito 60 from CONTEC is a handlebar with a width of 640mm. It is made of lightweight aluminum. The handlebar clamping is 31,8mm.

You sleep now and then times the hands while biking? This phenomenon belongs to the past with this handlebar. The backsweep of 25° ensures ergonomic grip of the handlebar. It describes the bend in the direction of the saddle and ensures the correct seating position.
