

Product data sheet

unicraft Jack "SRWH 2501 EF"

Description

UNICRAFT jack "SRWH 2501 EF"

Load capacity 2.5 t, extra flat design, especially for lowered and sporty flat vehicles

It is equipped with a two-part pump lever with ergonomic handles / grips for safe and comfortable handling. The valve is controlled via the rotating pump lever, while an integrated quick-stroke foot pedal enables the empty stroke to be bridged quickly. The load and swivel castors are made of robust cast iron for high stability. The jack also features a practical Tool Tray and a support plate with an extra-wide surface and rubber pad for a secure hold. The double-piston system reduces the number of pumping operations required and ensures efficient lifting performance up to the final height.

Technical data:

Lifting capacity: 2.5 t

Lift: 41.0 cm

Final height: 49.5 cm

Underride height (min.): 8.5 cm

Underride height (max.): 15 cm

Width (inside): 23.3 cm

Width (outside): 34.3 cm

Length (max.): 169.5 cm

Dimensions (L x W x H): 66.0 x 34.3 x 22.1 cm, **Weight: 28.2 kg**
