

SHIMANO System Pedal "SPD-R550"

Description

System Pedal from SHIMANO

Tired of slipping off your pedals on steep bends or difficult terrain? The SPD-R550 from SHIMANO is a System Pedal that creates a fixed connection between the Pedal and a special shoe to counteract this.

The SPD-R550 is rust-free and robust because the entire pedal - body and frame - is made of plastic. Shoes with SHIMANO's SPD system can be used in combination with this pedal.
