CONTEC System Pedal "Melt"

Website

https://www.contec-parts.com

Article number:	03369092
Original number:	PD501 BLACK CTDESIGN
EAN:	4251971189409
EVP:	**49.95 €**

Description

If the combo or hybrid pedal had a slogan, it would be “the best of both worlds.” As the name suggests, this pedal has two sides–a flat side and a “click” side, i.e., the SPD system. The flat side of the CONTEC Melt is designed for MTB use and is therefore particularly mud-resistant. The other side is equipped with the SPD system, whose CrMo cleat features an adjustable release tension.

The body of the Melt pedal is made of die-cast aluminum. It features a CNC-milled CrMo axle with a sealed industrial bearing and weighs 370 grams (as a pair).

Technical data

Design	system MTB/trekking
Width	7.3 cm
Main colour	black
Thread	9/16
Height	2.9 cm
Bearing type	sealed bearing
Length	10.2 cm
Material	die-cast aluminium
Material 2	CrMo
Housing material	aluminium
Frame material	aluminium
System	on one side
