

SRAM Crank Set "Force AXS"

Description

The SRAM Force AXS crank sets rely on a direct-mount 2x setup with aluminium chainrings, optimized by the 45 mm chainline typical of Force AXS for precise and reliable shifting. [support.sram.com]
The carbon crank arms in the elegant Unicorn Grey colorway combine low weight with high stiffness and thus ensure efficient power transmission. Thanks to the DUB bottom bracket standard and 12-speed compatibility, the crankset integrates seamlessly into modern AXS drivetrains and offers long-lasting performance at a high level.

Article number:	03332455
Original number:	00.6118.660.003
EAN:	710845892042
EVP:	480.00 €

Technical data

Amount of chain rings	2
Main colour	grey
Secondary colour	colorful
Large chain ring	48 teeth
Small chain ring	35 teeth
Crank length	172.50 mm
Material 1	aluminium
Material 2	carbon
Weight	0.731 kg
System compatibility	12-speed
Bottom bracket	DUB
Variation	set
