URSUS

URSUS Kickstand "78 - King"

Description

Kickstand King from URSUS

It is not immediately noticeable on the bike and only shows its strengths when the bike is stationary. Then the "King" Kickstand from URSUS simply ensures that the bike doesn't fall over. It fits city and trekking bikes in sizes 26", 27.5" and 28" and is made of aluminum and plastic. Depending on the bike size and the desired angle of inclination, the length of the "King" can be flexibly adjusted.

Thanks to the choice of materials and high-quality manufacturing, the "King" is comfortable to use and lasts a long time. The Kickstand is screwed to the Adapter Plate between the bottom bracket and rear tire. Screws for this are included.
