

CONTEC Aluminium Rim "Zen 24 Disc"

Description

The CONTEC Zen 24 Disc aluminium rim forms the frame for a reliable wheel that makes your daily commute by (e-)bike even smoother. It's designed for 24" wheels with 32 spokes—for example, larger children's bikes or smaller adult bikes. Thanks to its hollow-chamber construction, the aluminum Zen Disc rim is suitable for a system weight of up to 150 kg. E-bikes can also be easily equipped with this aluminium rim. With an inner rim width of 25 mm, tires ranging from 42 to 62 mm in width fit on the rim. The Zen 24 Disc rim is only suitable for wheels with disc brakes.
