Article number:	02920239
Original number:	BK25HV0200
EAN:	4251971150805
EVP:	**5199.00 €**

Description

The golden mean of the MANOC premium trekking series with hub gears is the MANOC 5. With a permissible total weight of 170 kg, the MANOC 5 is the ideal everyday and touring companion and, thanks to the MIK pannier rack system, can firmly attach panniers and the like without them slipping during the ride.

As with all new Victoria developments, the batteries integrated in the down tube can be removed from the top, making it unnecessary to remove them from the bottom. However, in view of the large capacity and the associated battery weight, we recommend charging at the MANOC instead, as it is simply more convenient.

The smart Bosch system delivers the maximum of what is currently possible with the "Performance CX" drives and the highest-capacity "PowerTube 750" Battery. Additional information that the "Kiox 300" color display does not provide can be transmitted to your smartphone via the eFlow Bike app. This information can be used by other apps for navigation, for example.

Thanks to the continuously variable Enviolo hub gears and the Straps, maintenance work is reduced to an absolute minimum. The air-sprung Fork with its 80 mm suspension travel also offers a great deal of comfort and absorbs the bumps in the road from the wide yet low rolling resistance tires.

Technical data

Battery capacity	750.0 Wh
Features	suspension fork, frame lock, chain guard, electronic sliding aid, fender
Colour designation	illusion green
Main colour	green
Travel	80 mm
Gender	gents
Gears	stepless
Type	trekking bike
Wheel size	28 "
Material 1	aluminium
Engine power	250 W
Frame height	50 cm
Weight	29.200 kg
Permissible system weight	170 kg
Chainstay	483 mm
Toptube	631 mm
Wheel distance	1189 mm
Reach	431 mm
Seat tube	500 mm
Seat angle	72.0 °
Stack	659 mm
Steering tube	170 mm
Steering tube angle	69.0 °
