EAN:	4251971176591
EVP:	**6499.95 €**

Description

If you love challenging trails and are looking for a bike that can keep up—here's the perfect match for you: The "Xyron LT 9.0 Carbon" combines 170 mm of fork travel, 160 mm of frame travel, and 29-inch wheels with a lightweight, sturdy carbon frame. The Bosch mid-drive motor with an 800 Wh battery delivers powerful assistance up to 25 km/h, while the Shimano "XT" 12-speed drivetrain ensures precise shifting.

The riding position is sporty and efficient—perfect for steep climbs and full control on descents. The frame geometry ensures balanced handling, while the flat steering angle provides stability at high speeds. The tool mount under the top tube and the hidden kickstand mount on the rear triangle make the bike practical for everyday use. Maximum load capacity: 140 kg.

,

Technical data

Battery capacity	800.0 Wh
Features	suspension fork, damper, electronic sliding aid
Colour designation	desert matt / bronze matt
Main colour	beige
Secondary colour	brown
Travel	170 mm
Gender	gents
Gears	12-speed
Type	full suspension
