Description

HOFMANN MEGAPLAN Tire Changer "megamount 50 FE"
Passenger Cars, Clamping Range 10" – 27", 230 V
Automatic tire changer for professional use. It features a robust Flex-System clamping plate with a clamping range of 10" to 27", which ensures a secure hold for a wide variety of rim types thanks to its direct clamping system. The motor inverter allows for stepless speed control from 0 to 16 rpm and ensures maximum control during tire assembly. The ergonomic tire beader with an adjustable arm is suitable for wheels up to 15" wide, while the standard HPX-STD and HPX-FA auxiliary arms make working with modern tires fast, safe, and comfortable. The standard pedal-controlled tire inflation system with CE-compliant pressure limitation, along with the inverter motor's intelligent standby function, ensures maximum efficiency and ease of use.
