

Product data sheet

ERC Cleaner "Systemreiniger Benzinmotoren"

Article number:	05704424
Original number:	1100D025-20C4
EAN:	4002332003700
EVP:	9.72 €

Technical data

Range of application	motorcycle, scooter, passenger car, truck, commercial vehicle
Container type	bottle
Content	0.25 l
Type	cleaning
Weight	0.205 kg

Description

ERC Cleaner "System Cleaner for Gasoline Engines"

Reduces the susceptibility of modern engines to design- and operation-related deposits on fuel-contacting parts of the valves, fuel system, and fuel injection system. The ERC System Cleaner for Gasoline Engines is designed for single-use.

Deposits on the valves and the surface of the injector needle tip reduce fuel flow and impair injection performance. These deposits lead to higher emissions, increased fuel consumption, and rough engine operation. Fuel mixture formation is disrupted, and engine performance deteriorates. The highly concentrated ERC System Cleaner for Gasoline Engines removes deposits from the valves, the fuel system, and the fuel injectors., **250 ml water bottle**
