

Product data sheet

CONTEC Front Light "DLUX 80 E+"

Description

E-bike lighting for high safety

Extend the day trip with the e-bike spontaneously, and still find home safely in the dark: This allows you the LED headlight DLUX 80 E+ from CONTEC. The headlight illuminates the way home very brightly with a full 80 lux (170 lumens). This headlamp is suitable for connections to batteries with a voltage between 6 and 12 volts. Thanks to the plastic universal holder, the light can be mounted easily. Small housing recesses allow the headlight light also scatters to the sides, so you are not only seen from the front or rear. The headlight can be precisely positioned using the two-axis system to optimally illuminate the path and at the same time not dazzle motorists.
