

## KLICKfix Basket "Structura Retro"

### Description

#### Retro natural look

The "Structura Retro" is woven from robust plastic straps, so it always stays the same color and always stays in shape thanks to the powder-coated metal shape. The Adapter Plate can be attached to the back so that the Handlebar Basket can be mounted at the right height.

The Handlebar Adapter is not included in the scope of delivery - simply select the appropriate adapter variant when purchasing. Dimensions (L x W x H): 34 x 25 x 27 cm, volume 16 l.
