Description

PLETSCHER Kickstand ESGE

No safe stand without a Kickstand: A stable stand like the "ESGE" from PLETSCHER is a must for a bike suitable for everyday use. It fits 28" city and trekking bikes and is made of aluminum.

The fact that you hardly have to pay any attention to the "ESGE" apart from that is due to its high-quality production and high level of user-friendliness.

In order for the "ESGE" to support the bike properly, it must first be attached to the kickstand plates on the bottom bracket.
