Article number:	03709599
Original number:	YC-503
EAN:	4250311337524
EVP:	**10.95 €**

Description

Problems with worn bike chains? With the CONTEC chain wear gauge "Charlie Tango", they are a thing of the past. It measures the distinctive points 0.75% or 1% by putting it on the chain. The wear gauge indicates critical wear if the elongated pins can be pushed through the links. Regular changes not only prevent bad shifting, but also the increased wear of the cassette and chainrings.

An important tool that is needed.

Technical data

Design	chain
Main colour	silver
Material	steel
Suitable for	analog
Weight	0.060 kg
Use	chain
