

Castrol Radiator liquid "Motorcycle Coolant"

Article number:	05706494
Original number:	15F1CA
EAN:	4008177181801
EVP:	14.39 €

Technical data

Range of application	motorcycle, scooter
Container type	bottle
Content	1.0 l
Type	radiator
Weight	0.840 kg

Description

CASTROL "Motorcycle Coolant"

Down to -25 °C, ready-to-use, premixed organic (VOC = volatile organic compounds) long-life coolant. Meets all the requirements of modern scooter and motorcycle engines. Excellent cooling performance in both summer and winter. Outstanding protection against corrosion and deposits for the entire cooling system. Ensures engine safety and extended service life. **Color: blue, 1-liter water bottle**
