Qio Carrier Bag "Mattis"

Description

For everything that needs to be quickly to hand

With its 8-liter capacity, "Mattis" is the perfect Bag for all things that need to be quickly to hand. This could be a wallet, your smartphone or even a camera. For your next day trip, you can click "Mattis" onto your Qio front carrier quickly and without tools using the pre-mounted Klickfix adapter plate. You can unclip "Mattis" just as quickly for a lunch break in a café, put it comfortably over your shoulder with the carrying strap and take it inside.

Made from water-repellent polyester, the front carrier bag can withstand short rain showers. "Mattis" is only waterproof in combination with the Rain Cover, which is included in the scope of delivery. Reflective applications make you more visible in traffic - especially in cloudy rainy weather.
