

reisenthel Basket "Bikebasket GT"

Description

Reisenthel quality

Lightweight, longitudinal fabric basket for Carrier with sturdy thermoformed base and flexible Carrying Strap. The classic forward-sloping basket shape creates space for the saddles and freedom of movement for the cyclist.

A drawstring protects the contents from jumping out, while a zippered compartment inside offers space for keys and valuables. The stiffening elements can be removed so that the baskets can be stored flat and space-saving.

Available with two fastening options. Loadable up to max. 10 kg.
