

Product data sheet

VICTORIA Electric folding bike "Fylgran 1" (#1)

Description

The Victoria FYLGRAN 1 is the best solution for all those who commute to the train station by bike and want to take their bike with them comfortably on the train. Or for those who spend time on a campsite and want to use a maneuverable bike. Or for all those who simply want a foldable e-bike with compact dimensions and full-fledged equipment.

Because when folded, the e-bike - including pedals and Handlepost - measures an extremely compact 88x77x38 cm (W/H/D) and can therefore be stowed away at home to save space. But when it's time to hit the road, a 400 Wh Battery supplies the Bosch "Active Line Plus" engine with energy. This in turn ensures harmonious drives and a natural riding experience.

The FYLGRAN 1 is equipped with the Shimano 5-speed "Nexus" hub gears (optionally with neutral or coaster brake). The hydraulic Disc Brakes ensure the right deceleration, which have plenty of bite even in wet conditions.

The 30 lux bright Front Light and the system Carrier make the e-bike completely suitable for commuting. As the icing on the cake, the rear lights are beautifully integrated into the Carrier and ensure increased visibility in traffic.

Technical data

Battery capacity	400.0 Wh
Features	frame lock, system carrier, deep entry, chain guard, electronic sliding aid, fender
Torque	40 Nm
Colour designation	bright mint
Main colour	green
Gender	unisex
Gears	5-speed
Type	folding bike
Wheel size	20 "
Material 1	aluminium
Engine power	250 W
Frame height	45 cm
Weight	23.400 kg
Permissible system weight	120 kg
Passage width	201 mm
Access height	380 mm
Chainstay	434 mm
Toptube	622 mm
Wheel distance	1133 mm
Reach	483 mm
Seat tube	457 mm
Seat angle	73.0 °
Stack	455 mm
Steering tube	190 mm
Steering tube angle	70.0 °
