CONWAY MTB hardtail "Razz 9.0" (#1)

Description

Made for Fun! The "Razz 9.0" was designed for ambitious recreational riders of all ages: a reliable, high-quality aluminum hardtail that's a blast to ride, without the race-oriented feel of a carbon bike.

With a lightweight aluminum frame and 29" wheels, you're perfectly equipped for any challenge. The SRAM "NX Eagle" 12-speed derailleur ensures precise and quick shifting, while the hydraulic disc brakes give you maximum control and safety.

The 100 mm suspension travel and Suspension Fork make even the toughest trails a breeze. With a maximum weight capacity of 130 kg and a weight of just 13.9 kg, the "Razz 9.0" is sturdy yet light enough to take you anywhere.

The well-thought-out dimensions—such as a 508 mm seat tube, a 610 mm top tube, and a 70° head tube angle—ensure an optimal riding position and agile handling. The 1,104 mm wheelbase and 448 mm Chain Stay offer both stability and maneuverability.

Experience the trails like never before with the "Razz 9.0"—your perfect companion for every adventure!
