

Product data sheet

KMC Chain "e10"

Description

Chain E10 from KMC

In order to withstand the high forces of modern e-bike drives, KMC has designed the E10 chain especially for use on pedelecs. The chain is compatible with 10-speed drives.

A special anti-rust coating makes the chain particularly robust and hard-wearing. In order to be able to close the chain properly, a Connecting Link is included in the scope of delivery, which connects the two loose ends. Because the chain can withstand the forces of an e-bike, it is labeled "e-bike special".
