EVP:	**12.95 €**

Technical data

Features	split
Main colour	black
Handlebar clamp	31,8mm
Material 1	aluminium
Weight	0.026 kg

Description

Bridge distances with ease
With the BY,SCHULZ "Stem Shim" Reducing Sleeve, Handlebars with a clamping diameter of 25.4 mm can also be used with Stems with a clamping diameter of 31.8 mm.
For installation, the open, one-piece aluminum sleeve is simply pushed over the handlebar center and bent closed accordingly. This means that attachments on the Handlebars such as shift grips and Brake Lever do not need to be removed for installation.
