

CONTEC Grip "MERGE City Comfort"

Description

CONTEC Grips play a major role in making cycling as comfortable as possible. Features such as the material are particularly important when making a purchase decision. CONTEC produces its MERGE City Comfort Grips from rubber. The fact that this grip is made of rubber means that it absorbs shocks from forest paths. The synthetic material is also durable and weather-resistant.

CONTEC offers the MERGE City Comfort Grips for sale in pairs.
