### Description

Ready for the next adventure: The Katla MIPS Helmet is inspired by the breathtaking landscape of its namesake, the Icelandic volcano Katla. It is the largest helmets in our range and is designed for the biggest adrenaline junkies - MTBs! To ensure that you are protected as much as possible on your (e-)MTB, you should always wear a helmet without exception.

The Katla MIPS is made from a combination of a lightweight in-mold micro-shell plastic construction with a thin EPS inner shell and is also equipped with the MIPS system. What is MIPS? MIPS technology allows the helmet shell to move relative to the head in the event of an angled impact. This protects your brain from rotational forces and serious injuries.

With the magnetic Fidlock snap lock including padding, the Helmet can also be opened and closed with one hand, without the risk of getting caught. The integrated TriVider, an extra-wide strap divider, ensures a high level of comfort and individual adjustment. Speaking of adjustment: thanks to the XY Sizer (adjustment wheel) on the back of the Helmet, the Katla MIPS can be individually adjusted in height and width. The cooling padding inside the helmets has an anti-sweat effect and is washable and replaceable.

The Visor made from recycled marine plastic and integrated insect net make the Katla MIPS the ultimate companion in the great outdoors. The straps made from recycled PET water bottles are reflective and offer added visibility.

Katla MIPS is available in two sizes and three colors. Each model has been painted with environmentally friendly, water-based paints.

### Technical data

| | |
|---|---|
| Features | aero, MIPS, reflective |
| Range of application | MTB |
| Colour designation | intense red / black velvet |
| Main colour | red |
| Secondary colour | black |
| Design | In-Mold |
| Head circumference | 59, 60, 61, 62, 63 cm |
| Head circumference up to | 63 cm |
| Head circumference from | 59 cm |
| Material | plastic |
| Upholstery | washable, antibacterial, replaceable |
| Weight | 0.392 kg |
| Closure system | magnet |
| Adjusting system | Twist2Lock |
| Visor | adjustable |
| Certification | EN 1078 |
