

Product data sheet

CONTEC Rear Kickstand "Ox back"

Description

OX Back is the strongest animal among the bicycle stands. With its increased stability, CONTEC OX Back can easily support bikes weighing up to 25 kilograms, including e-bikes. The die-cast aluminum stand with an extra-wide plastic base provides sufficient support. Another plus point is that the height of the Rear Kickstand can be adjusted. This means it fits bikes from 24 to 29 inches. Can be mounted on the inside and outside of the frame.
