Description

INTERPHONE "Sync70 Essential Smart Display" Infotainment System For using Apple CarPlay and Android Auto on motorcycles and in cars.

Allows you to mirror your smartphone screen via a wireless Bluetooth + Wi-Fi connection (2.4/5 GHz). This keeps all smartphone functions—such as calls, navigation, etc.—available while your smartphone stays safely in your bag. The GPS dashboard displays speed, direction of travel, and tire pressure. Thanks to the Quiklox system, the RIDESYNC can be mounted on any Quiklox Holder. 7.0" Display, IP66 waterproof, dimensions: (L x H x W): 18 x 11.5 x 2.5 cm.

Package contents: RIDESYNC unit, USB-C Power Cable, USB-A Power Cable, Power Cable for connecting to the motorcycle battery, Universal Bracket for round tubes Ø 12-30 mm, User manual, (tire pressure sensors are not included).

Note: This device does not have its own Battery and only works when powered by the vehicle's Power Supply., **black**
