Product data sheet

COREXX Brake fluid "DOT 4"

Article number:	41230095
Original number:	41230095
EAN:	4003502380379
EVP:	**428.20 €**

Technical data

Range of application	motorcycle, scooter, passenger car, truck, commercial vehicle
Colour designation	Bernsteinfarben
Main colour	yellow
Container type	drum
Content	60.0 l
Type	brake
Quality	DOT 4

Description

COREXX Brake Fluid "DOT 4"
Wet boiling point >160 °C, boiling point >265 °C
High-performance brake fluid designed to meet the requirements of modern automotive brake systems with disc or Drum Brakes. It has a higher boiling point than DOT 3, is frequently used in conventional brake systems, is miscible with brake fluids of the same specification, and is certified to ISO 4925 Class 4.

Manufacturer's Note: DOT 4 Brake Fluid exceeds the requirements of DOT 3 (U.S. Federal Standard 116), SAE J 1704, and the FMVSS 116 specification.

Please note:
Use only undiluted!
When refilling, be sure to follow the manufacturer's instructions.
Absolute cleanliness is required when filling the hydraulic brake system.
Store Brake Fluid only in its original, sealed container; reseal the container airtight immediately after use, and collect and dispose of it separately.
Brake Fluid must not come into contact with used oil!, **60-liter barrel**
