

Product data sheet

CONTEC Derailleur Cable "Shift+"

Description

Corrosion resistant and versatile

Who wants to count on the circuit of his MTB, touring, city or racing bike, should have intact derailleur cables. The CONTEC derailleur cable "Shift+" made of corrosion-resistant stainless steel is with 1,1mm diameter and a length of 2275mm universally suitable for all common hub and derailleur gears.

Due to its corrosion resistance, the derailleur cable "Shift+" is ideal for bikes that are stressed daily in all weather conditions.
