Secondary colour	green
Material 1	steel
Material 2	plastic
Weight	0.005 kg

Description

ALLIGATOR Dunlop valve "Universal"

suitable for Dunlop, Schrader and Sclaverand valve body

Not compatible with slitted Dunlop-body / Airmax valves. The dual-seal design prevents the escape of air, holds the "race bike pressure" till 8 bar without problems. The burst pressure is well over 25 bar. **For Schrader valve required extra cap nut 0.330.501/8, set à 2 pieces self-service package**
