### Description

**ALLIGATOR "Universal" Dunlop Valve**

**Compatible with Blitz, passenger car, and Schlafrand valve bodies**

**Incompatible** with slotted Dunlop bodies/Airmax valves. The dual-seal design prevents slow air leaks and easily withstands "road bike pressure" of 8 bar.

The burst pressure is well over 25 bar. **For Schrader valves, the 0.330.501/8**

**Cap Nut is also required., Set of 2, self-service packaged**
