

BASIL Transport Carrier "Portland"

Description

Stylish with vintage flair

The "Portland" Front Wheel Carrier from BASIL is a stylish, vintage-style transport option. The aluminum carrier is ideal for the "Portland" Bag. In addition to this model, other bags with comparable knives also fit on this carrier.

The "Portland" has a removable strap that helps to keep the Bag or Basket in position. The carrier has a maximum load capacity of 10 kg and is suitable for 26" and 28" bikes.

The carrier, which has rising edges all around, can be mounted on the headset. It is also possible to attach a lamp.

The Front Wheel Carrier is supported by fork stays for 12 or 13 mm axles.
