

Product data sheet

Castrol Engine oil "Power1 4T"

Description

CASTROL "Power1 4T" Motor Oil 20W-50, 4-stroke, HC synthetic

Features Trizone Technology for optimal combined protection of the engine, transmission, and coupling. The special additive formulation provides optimal protection while delivering maximum performance. Reduces internal friction losses. Specifically developed for sporty 2-cylinder engines and large-displacement twin and boxer engines. Specifications and approvals: **API SN, JASO MA-2, 208-liter barrel**

Article number:	05708359
Original number:	1546DF
EAN:	4008177098093
EVP:	2433.85 €

Technical data

Type of the oil	4-stroke
Range of application	scooter
Container type	drum
Content	208.0 l
Type	engine
Quality	mineral
Weight	174.930 kg
Viscosity	20W-50
