

CONTEC Bottle Cage "Aero XS"

Description

Stylish lightweight

What's that shining? The CONTEC "Aero XS" bottle cage immediately catches the eye. This bottle cage holds drinks securely on the bicycle and keeps them always at hand. In sparkling silver, classic black or a fine carbon look, it matches any bike.

Thanks to the aluminium 6061 T6 material, the cage is a true lightweight with only 45 g. The assembly is easy with the Nirosta bolts included in the scope of delivery. "Aero XS" is an indispensable companion as a bottle cage.
