

Product data sheet

TUGA CHEMIE Wheel rim cleaner "Aluminium Teufel "

Description

TUGA CHEMIE Rim Cleaners "Aluminum Devil"

For painted steel and alloy rims, red

Dissolves and removes typical rim contaminants, such as baked-on brake dust, surface rust, and other road grime; cleans automatically (spray on, let it sit, rinse off); leaves a molecular protective layer (water-repellent effect).

Note: Do not let it sit for longer than 2 minutes, as this may damage the material. Rinse thoroughly with water! Do not use on unpainted, polished, or anodized rims!, **1-liter spray bottle**
